Lisbon Police Department

Every Wed 6-9pm

Lisbon Citizen's Police Academy

The Lisbon Police Department's Citizen's Police Academy will provide community members with an inside look at the Police Department and all facets of law enforcement. During the ten week academy, students will be introduced to the Police Department's operations. Other topics include: law enforcement ethics, criminal law, investigations, patrol procedures, communications, drug enforcement, and drug education. As a part of the curriculum, students will be scheduled to ride along with a police office.

PURPOSE

The academy is designed to give citizens an overview of the Police Department's policies and procedures. The curriculum and teaching methods are similar to the traditional law enforcement academy but weekly sessions are NOT designed to make the participant a law enforcement officer.

INSTRUCTORS

Academy classes are taught by Lisbon Police Officers. Participants will have the opportunity to meet with the Chief of Police and staff members. The Lisbon Police Department hopes there will be a greater awareness and understanding of law enforcement's role in community through the education provided by the Citizens Police Academy.
